

# DIEBOLD OPTEVA® 322

## WEB BANKING AND PASSBOOK KIOSK

A revolutionary free-standing kiosk...So many features, such a small footprint

A free-standing, dedicated terminal for web banking, inquiry transactions and more

**Feature-rich functionality** – Opteva ® 322 offers outstanding functionality featuring web banking kiosk equipped with full alphanumeric, track ball and touch screen, convenient for non-cash transaction, marketing capabilities and balance inquiries – all built into a compact footprint with various optional devices e.g. passbook update, statement printer, check depositary and more.

**Ultimate reliability** – Opteva ® technology delivers one of the highest levels of up-time in the industry. That means consistent convenience for your customers and peace of mind for you.

**Flexible installation** – Free standing, small footprint featuring front access, rear access with vestibule kit configuration, Opteva ® 322's flexible design provides for efficient use of valuable floor space.

**Multi-channel software** – Diebold's high-performance solution performs in a cross-vendor environment and connects to Web applications, back-office systems and other customer channels to maximize your brand, personalize transactions and deploy new functionality quickly.

**DIEBOLD®**
